

The Texas State Bonsai Exhibit presents 24th annual:

Kathy Shaner Seminar

November 4 - 6, 2022

Flowering and Fruiting Bonsai

Please join us in a seminar with one of the most exciting, knowledgeable, and personable bonsai masters—Kathy Shaner. Kathy completed a full five year apprenticeship in Japan under bonsai master Yasuo Mitsuya and is the first non-Japanese and first woman ever to be certified by the Nippon Bonsai Association. She is the curator of the GSBF Bonsai Garden at Lake Merritt in California and adviser to The Texas State Bonsai Exhibit collection. Kathy is a fantastic teacher with the ability to make you feel involved, not just be a note taker. Her seminars are ideal for beginner and veteran bonsai enthusiasts alike and are enjoyable from beginning to end.

In a sea of green canopies, it's wondrous to find bursts of colorful flowers or fruits on our bonsai. They remind us of bonsai's tie to nature and the seasonality of the art. Many flowering and fruiting bonsai species require special care to bring out their full potential, some having special reduction techniques and others taking extra work and care to create fine branching, or even heal wounds. Flowering and fruiting bonsai can encompass a lot of trees from exotic import, tropical, and even native trees. Kathy will help us decode the challenges that come with these trees, working with material brought in by registrants.

Participants are encouraged to bring **up to 2** bonsai to the seminar. You may bring in material at any stage of development, but the more refined the material you bring in, the more beneficial Kathy's advice will be. As in previous years, Kathy will try to select at least one tree from each person and discuss the tree, possibly styling or wiring the tree, depending on the material.

This year's optional Friday workshop will be on styling. We often edit branches or trunks from our bonsai, and then struggle to make it look natural or properly help it heal. There are many ways to remedy these problems, and Kathy will show participants how. Each participant can bring **up to 2** trees (Kathy will work on at least one tree from each participant). This special workshop is limited to the first 6 people to sign up. *Observation of this workshop is not available.*

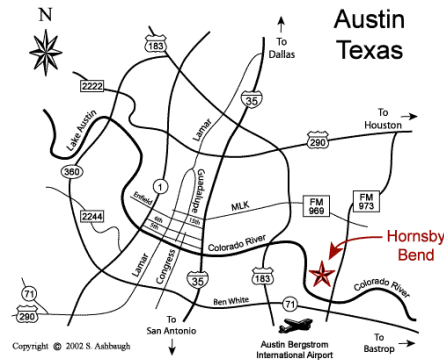

Kathy's optional Sunday afternoon workshop is Bring Your Own Tree (BYOT) and is limited to 6 participants on a first-come basis. Work on any size material you like...styled or rough. Kathy asks participants from a prior workshop to bring back a tree she has worked on before to continue its development. *Silent observation of this workshop is included with registration.*

Location:

The seminar will be held in the auditorium at the Austin Water Center for Environmental Research, 2210 FM973, Austin, TX 78725, just east of Austin-Bergstrom International Airport.

Schedule Details:

Friday:

- **10:00 AM – 4:00 PM** The optional styling workshop. Limited to the first 6 people to sign up. You may only bring up to 2 trees. More details will be provided to registrants.
- **5:00 PM** Lakeview Bonsai ([Map](#)) opens for refreshments and nibbles for registrants and guests.
- **6:30 PM** No-host dinner at a Japanese restaurant. Everyone picks up their own check.
- *You can register for the workshop and dinner on the registration form.*

Saturday:

- **9:30 AM – 5:00 PM** The Flowering and Fruiting Bonsai Seminar.
- **6:30 PM** No-host dinner at a local restaurant (more information will be available in your confirmation email). Look forward to having some casual downtime. Again, everyone picks up their own check.
- *You can register for the seminar and dinner on the registration form.*

Sunday:

- **9:30 AM – 12:00 PM** Second continuation of the Flowering and Fruiting Bonsai Seminar
- **1:30 PM – 4:30 PM** Kathy Shaner's optional BYOT workshop. Any size or kind of tree may be worked on. Limited to the first 6 people to sign up. You may only bring up to 2 trees.
- *General registration includes observing Kathy's workshop. You must register separately to participate.*

Workshop & Cancellation Policies:

Registration for both workshops is on a first-come basis. There is a maximum of two trees per person for each workshop. Workshop status will be in the registration acknowledgment. There will be a waitlist.

In recent years, both workshops have filled up quickly and have had waiting lists. Early paid registration will guarantee a seat for the workshops.

Cancellations received on or before **Friday, October 9th, 2022** will receive a complete refund. There will be **no** refunds on cancellations received after this date except for the workshop fee(s) if on the waitlist.

Important General Information:

Registration includes the seminar, Friday dinner, Saturday dinner, and observing the Sunday workshop. Seminar and workshop registrations are entered only upon receiving the registration form and payment. Working with bonsai tools is a hazardous activity. To participate or observe the seminar or workshop, a release form liability agreement must be signed.

The Kathy Shaner Seminar was originally founded by Sheila and the late Terry Ward. Now, the Texas State Bonsai Exhibit has taken over running the Kathy Shaner Seminar, and we are excited to continue this wonderful tradition. All proceeds after Kathy's expense will go toward creating and maintaining the Exhibit. Thank you for your continued support of the seminar as well as TTSBE!

Complete seminar details, driving directions, local hotel accommodations and what to bring will be in your registration acknowledgment. **Please register early. Space is limited.** Questions? Contact Simon Tse at webmaster.ttsbe@gmail.com or at (512) 825-4210. I hope you will be a part of the 24th annual seminar. It's a wonderful opportunity to have a fantastic bonsai weekend!

Sincerely,

Simon Tse, TTSBE Chair.
